PREVENTION
Safety**

600-1

January 2017

Means of Egress:

All means of egress; doors, pathways, and stairs; shall be kept clear of snow or ice build-up, or other obstructions or impediments that may interfere with the operation of the exit or limit the ability of people to exit the occupancy. The exit shall be kept clear from the **EXIT** to a public way (**EXIT DISCHARGE**).

Fire Protection Systems and Devices:

Access to fire protection systems, including, but not limited to, fire alarm boxes, fire department sprinkler connections, post or wall indicating valves and hydrants shall be kept clear of snow or ice build-up that may prevent these devices from being utilized during an emergency.

Hydrants:

Any person who shall purposefully or knowingly put or place or cause to be put or placed any snow, ice or other debris which covers a fire hydrant so as to make it inaccessible for immediate use in the event of a fire shall be guilty of a misdemeanor. For the purpose of this section "person" excludes agents of the state or any political subdivision engaged in the operation of removal from the traveled portion of any class of highway or adjacent sidewalk. Punishable by imprisonment or fine.
