## Tips on Preparing Your Single Stream Recycling

Currently, until the City converts from manual to automated curbside collection of trash and recycling on April 1, 2023, you may use any rigid household bin or barrel - no larger than 35 gallons - to place your recycling curbside for collection. Containers are available at local home/garden stores. The City sells 18-gallon recycling bins for \$9.00 each. Please either clearly mark your container "RECYCLING", or use DPW's free recycling stickers. Please place your recycling container at least three (3) feet away from your trash containers.

After the conversion to automated pickup, the City will provide trash and recycling containers to those property owners that currently use City-contracted solid waste and recycling collection. Containers will be delivered sometime between March 15 and April 1. Please call Public Works at 603-528-6379 for more information.

**Remove ALL plastic bags and flimsy plastic materials:** These items will damage the sorting equipment at the Single Stream Recycling Facility. NOTE: The City of Laconia is **NOT** currently recycling Styrofoam. Please place Styrofoam materials in your trash.

### **Disposing of Corrugated Cardboard**

The City's corrugated cardboard compactor is located at 257 Messer Street and is open 24 hrs. a day/7 days a week. Corrugated cardboard must be broken down and put into the enclosure next to the compactor. Any form of clean corrugated cardboard is acceptable. **We do not accept pizza boxes and paperboard such as cereal boxes or shoe boxes.** Please remove all loose plastic from the cardboard such as bubble wrap, air pillows, etc. Please do not stack boxes outside of the fence area. **Thank you for your cooperation!**
